

Declaration of Conformity according to EN ISO/IEC 17050-1

Issued in accordance with ČSN EN ISO/IEC 17050-1 (Conformity assessment - Supplier's declaration of conformity - Part 1: General requirements) and ČSN EN ISO/IEC 17050-2 (Conformity assessment - Supplier's declaration of conformity - Part 2: Supporting documentation)

Manufacturer: **MANDÍK, a.s. – manufacturer of air-handling and related fire protection components, industrial heating systems, heating equipment, air handling units, and air-handling devices designed for special applications**

Dobříšská 550
267 24 Hostomice
Comp. Reg. No. 26718405, Tax Reg. No. CZ26718405

hereby confirms that the product

Identification of the appliance and equipment:

Rain protection louver PDZM

underwent the assessment of conformity of its properties with the requirements of technical regulations performed according to the internal procedure of conformity assessment

and declares

that the properties of the above stated product meet the requirements stipulated by sections 3(1) and 3(2) of Act No. 102/2001 Coll., as amended. The product is safe if used as intended. Measures have been implemented to ensure conformity of all products placed on the market with the technical documentation and the essential requirements. In case of a change not approved by our organization this Declaration ceases to be valid.

Use within building:

Rain protection louvers protect the inlet and outlet openings of air-conditioning / ventilation equipment from dirt, rain, snow or from the entry of small animals. The louvers are also used as an aesthetic cover of openings. For physical reasons, the louvers do not warrant full protection against rain or snow at high wind velocity or at high altitudes.

The following technical documentation, standards and technical regulations were used for the assessment:

TPM 079/10
EN 60 721-3-3: 1995 / A2
Decree No. 48/82 Sb.

In Hostomice, January 2, 2020
